

LICENSED OVERSEAS EMPLOYMENT PROMOTER

BEOE-registered · Operating since 2016

AL-MOJAL INTERNATIONAL

COMPANY PROFILE

Recruitment, documentation, and deployment for employers hiring abroad and for Pakistani workers seeking legitimate overseas jobs.

ABOUT US

A licensed office built on one rule

Al-Mojal International began in 2016 with a small office in Mandi Bahauddin and one conviction: a family should not have to gamble its savings to send someone abroad.

We are a licensed Overseas Employment Promoter, registered with the Bureau of Emigration and Overseas Employment (BEOE). That licence means our demand letters are verified, our candidates clear the protector process properly, and every rupee a worker pays is receipted and accounted for.

On the employer side, we handle the work that decides whether a deployment succeeds: sourcing from the trades actually requested, testing skills before an employer sees a CV, and preparing documents that pass first time at the embassy.

Today we recruit across nine countries and six industries, from construction crews in the Gulf to healthcare and care staff bound for the United Kingdom.

WHAT WE HOLD OURSELVES TO

The job exists

Every vacancy is backed by a verified, attested demand letter.

The cost is written down

Government-notified charges only, explained before payment, receipted after.

The skill is tested

Trade tests happen before shortlisting, for the employer and the worker alike.

The route is legal

Protector clearance and attestation in the correct order, every time.

HOW IT WORKS

From demand letter to departure

- 01** Demand and licensing — the employer's demand letter is verified and attested.
- 02** Sourcing and trade test — candidates are sourced and skills tested practically.
- 03** Interview and selection — panel interviews at our office or by video.
- 04** Medical and documents — approved medical centres and full attestation.
- 05** Protector and ticketing — BEOE protector clearance, stamping, and travel.
- 06** Departure and follow-up — pre-departure briefing and arrival confirmed.
